

U. S. Consulate.
 via Port Costa & New Orleans Tegucigalpa
 Honduras.

October 5 1885

To the Director of the U. S. Mint.
 Philadelphia
 Pa.
 U. S. A.

Sir,

At the request of certain parties I wish to get information as to having certain work done for one of the Republics of Central America. They wish to have coined about 30,000,000 to 40,000,000 pieces as per samples enclosed. Does the Government do this work, and if not, where can they have it done? What would it cost them?

What is copper worth per lb?

How many pieces would a pound of copper produce?

Any information you can give me will be very thankfully received by them.

I am, Sir,

Yrs obedient servant

J. Lynch. Pringle
 U. S. Consul

Honduras
October 5, 1885

To the Director of the U.S. Mint
Philadelphia, Pa.
U.S.A.

Sir:

At the request of certain parties I write to get information as to having certain work done for one of the Republics of Central America. They wish to have coined about 30,000,000 to 40,000,000 pieces as per samples enclosed. Does the Government do this work, and if not; where can they have it done? What would it cost them? What is copper worth per lb? How many pieces would a pound of copper produce? Any information you can give will be very thankfully received by them.

I am, Sir,
Y. obedient servant
D. Lynet Pringle
U.S. Consul

[Noted on back:]

Coins sent to the Cabinet Nov. 9, 87.
